PROFESSIONAL SUMMARY

Motivated and disciplined **MCA student** with an interest in **Data Analysis, Business Intelligence, and technology**. Hands-on academic exposure to **Power BI, databases, Python, SQL, and web technologies**, with an ability to understand problems and develop practical solutions.

An **endurance athlete and triathlete** with strong self-discipline, consistency, perseverance, and goal-oriented mindset. Possesses good communication and interpersonal skills, with strengths in **teamwork, leadership, active listening, and stage speaking**. Comfortable taking responsibility, working with others, and continuously improving through practice and feedback.

EDUCATION

Master of Computer Applications (MCA)

Progressive Education Society's Modern College of Engineering, Pune
Autonomous Institute | Affiliated to Savitribai Phule Pune University (SPPU)
2026 – Present

Bachelor's Degree

[Dr.Ambedkar College of Science / RTM Nagpur University]
[2024]

TECHNICAL SKILLS

Data Analysis & Business Intelligence

- **Power BI**
- Data visualization
- Dashboard creation
- Data interpretation
- Business Intelligence fundamentals
- Data presentation and reporting

Programming & Database

- Python
- SQL
- MySQL
- DBMS
- Basic PLSQL

Web Technologies

- HTML / HTML5
- CSS
- Basic JavaScript
- XAMPP

Other Technical Areas

- Data Structures & Algorithms
- Operating Systems
- Computer Networks
- Data Mining
- XML & NoSQL databases
- JDBC
- Hibernate
- Spring Framework

PROJECT EXPERIENCE

Sports Management Database System

Python | MySQL | DBMS

- Developed an academic database-oriented project for managing sports-related information.
- Worked with **Python and MySQL** for data handling.
- Applied database concepts including tables, records, relationships and SQL queries.
- Focused on organizing information in a structured and accessible manner.

Tableau Sales Report

Data Visualization / Business Intelligence

- Created a sales-reporting project focused on presenting business data visually.
- Worked with charts and dashboards to make data easier to understand.
- Used visualization to identify and communicate information from sales data.

ShopEase – E-Commerce Website

HTML | CSS | PHP/MySQL | XAMPP

- Worked on an academic e-commerce website project.
- Implemented concepts including login/signup, product management, shopping cart, checkout and orders.
- Worked with MySQL database integration and web application structure.

Python-Based Academic Projects

- Developed small Python applications using **Tkinter, data structures and database concepts**.
- Worked on projects involving practical implementation of programming and problem-solving concepts.

CORE STRENGTHS

- **Active Listener** – Pay attention to others' ideas and understand requirements before responding.
- **Team Player** – Comfortable collaborating with different people and contributing toward a common objective.
- **Leadership** – Willing to take responsibility, coordinate with others and lead when required.
- **Confident Public Speaker** – Comfortable communicating ideas and speaking in front of an audience.
- **Discipline & Consistency** – Strongly developed through endurance training and long-term preparation.
- **Perseverance** – Comfortable working toward demanding goals despite setbacks or slow progress.
- **Adaptability & Learning Mindset** – Willing to learn new technologies, accept feedback and improve continuously.

ATHLETIC & EXTRACURRICULAR PROFILE

Triathlete | Endurance Athlete

- Actively involved in **endurance sports and triathlon training**.
- Experience developing consistency across **running, swimming and endurance-based training**.
- Strong interest in physical fitness, endurance and long-term performance improvement.
- Athletic training has strengthened qualities such as **discipline, time management, resilience, patience and goal orientation**.

SOFT SKILLS

Leadership • Teamwork • Active Listening • Public Speaking • Communication • Problem Solving • Time Management • Discipline • Perseverance • Adaptability

AREAS OF INTEREST

- Data Analysis
- Business Intelligence
- Power BI & Data Visualization
- Database Management
- Software Development
- Technology & Emerging Computing Trends
- Endurance Sports & Fitness

PERSONAL ATTRIBUTES

A disciplined and goal-oriented individual who enjoys challenging environments, learning new skills and working collaboratively. Combines a **technical learning mindset with an endurance-athlete's approach to consistency, preparation and continuous improvement.**
